

Application Instructions

for Septic/Well Permit or Septic Certification Letter

The permit application must be typed or printed and legible.

Detailed directions from the Goochland County Courthouse must be given on the form.

The actual property lines on site must be clearly marked so that the setback requirements can be insured. Failure to have the property lines clearly marked will delay your application and you may be required to provide a survey of the property.

Sewage Disposal/Well Permit	Sewage Certification Letter
Fee: \$190.00 State of Virginia	Fee: \$190.00 State of Virginia
Fee: \$40.77 County of Goochland	Fee: \$40.77 County of Goochland
Permit is valid for 18 months. Requires detailed Plan. Non-transferable.	Does not expire. Requires detailed Plan. Transferable.
You must apply for a building permit.	Requires zoning approval. Complete Zoning Application.
Show preferred areas for well and septic.	Show preferred areas for well and septic.
Soil work must be attached to all lots located in subdivisions.	Soil work must be attached to all lots located in subdivisions.
Flag 4 corners of house and drive.	Flag 4 corners of house and drive.
	After site inspection, you will be requested to provide a survey of the lot and drain field. A certification letter will be issued after receipt of the survey.
If the lot is in a subdivision and you wish to change the location of the drain field site proposed on the soil work, new soil work showing the new location must be submitted.	
Inaccurate or incorrect information will delay the permit process.	

If there are questions regarding this permit application or the State Health Regulations, please contact the Health Department at 556 – 5343.
